

June 3rd, 2014.

The Ritz-Carlton Hotel Aruba Project.

To whom it might concern,

The Company **SPECTRO CONSTRUCTION, Inc. directed by JIM MONTGOMERY**, has demonstrated an outstanding performance of the EIFS / EFS / ARCUSSTONE in our Project, during the past 23 months, Spectro Construction provided workers with the right skills and equipment in order to comply with the highest level of quality and productivity. Maintaining at all times the man power loadings necessary to be able to keep up with our demanding schedule and construction levels, I strongly recommend their services and I hope in the near future we can have the pleasure of working together on our upcoming Developments.

Spectro Construction, Inc. has provided to our firm qualified personnel and has performed subcontracted work for **DHC General Contractor at the Ritz Carlton Project in Aruba.**

Spectro Construction, Inc. has provided skilled and certified manpower for a wide variety of specialized trades, such as;

- Hoist Operators.
- Field Project Manager.
- Engineering Judgments.
- Value Engineering.
- Site Superintendent.
- Drywall hangers.
- Plasters.
- Complete Air barrier applications.
- Complete EIFS Systems (STO essence-DPR finishes / STO Granite)
- Complete ARCUSSTONE system.
- Laborers.
- QC/QA personnel.
- Exterior sealants applications (DOW 790).
- Estimation.

We have appreciated the commitment to quality, performance and their dedication to complete each task on schedule.

If you should have further questions, please do not hesitate to contact this subscriber.

Sincerely,

Field Project Manager
