

*Builders of lasting relationships through
trust, commitment, and service excellence*

March 4, 2019

To Whom It May Concern:

I'm pleased to write this letter of recommendation for Spectro Construction, Inc. (SCI). SCI completed the installation of the EIFS systems for the SpringHill Suites Residence Inn Dual Hotel at Millenia in September 2016. The amount of this contract was \$1,021,000.00.

SCI displayed great assistance to the overall coordination of the above referenced project. Additionally, SCI maintained a professional and first-rate performance from layout to final installation. A quality orientated control system was employed to ensure that all aspect of the installation process was completed to the satisfaction of WBC, owner, and the manufacturer.

This project was recognized by the EIFS manufacturer Parex USA as the Commercial Project of the Year in the Eastern Region in 2018.

I look forward to working with Spectro Construction, Inc. in the future.

If you wish to discuss this matter further, please feel free to contact me directly at (407) 912-4185.

Cordially,

Jeremy Bain
